WELCOME TO TCS

The Clear School (TCS) is **a guided learning experience for Christian women Messengers in their second season of life** who are seeking greater clarity about who they are, what God has entrusted to them, and who they are called to serve.

Whether you're just beginning to explore your calling or you're ready to bring greater clarity and structure to what you've been carrying for years, **The Clear School provides learning experiences, practical tools, and a supportive community to help you move from clarity to impact.**

This Welcome Packet is your orientation guide to The Clear School and The Clear Campus. As you move through these pages, you'll be introduced to the Messenger Journey, discover where you are in the process, and become familiar with the learning experiences and resources designed to support your next faithful step.

A NOTE FROM THE FOUNDER

Hi, I'm Terikka Faciane, M.Ed., founder of It's Time's The Clear School. I serve as a Messenger Midwife and Clarity Guide, not a high-pressure coach.

If you're holding this packet, chances are you've sensed that God has entrusted you with something worth carrying. Maybe you've struggled to put it into words. Maybe you've wondered where to begin. Or maybe you've been faithfully serving for years and know it's time to bring greater clarity to what you already carry.

That's why The Clear School exists.

My desire isn't simply to help you complete a program. **It's to help you discern where you are on the Messenger Journey,** clarify what God has entrusted to you, and confidently take your next faithful step.

The Clear School and The Clear Campus were created to provide practical tools, thoughtful guidance, and a community that will encourage you as you clarify your identity, develop your message, reach your tribe, and faithfully steward what you've been called to carry.

You don't have to have everything figured out before you begin. Just start where you are.

We'll take the next step together.

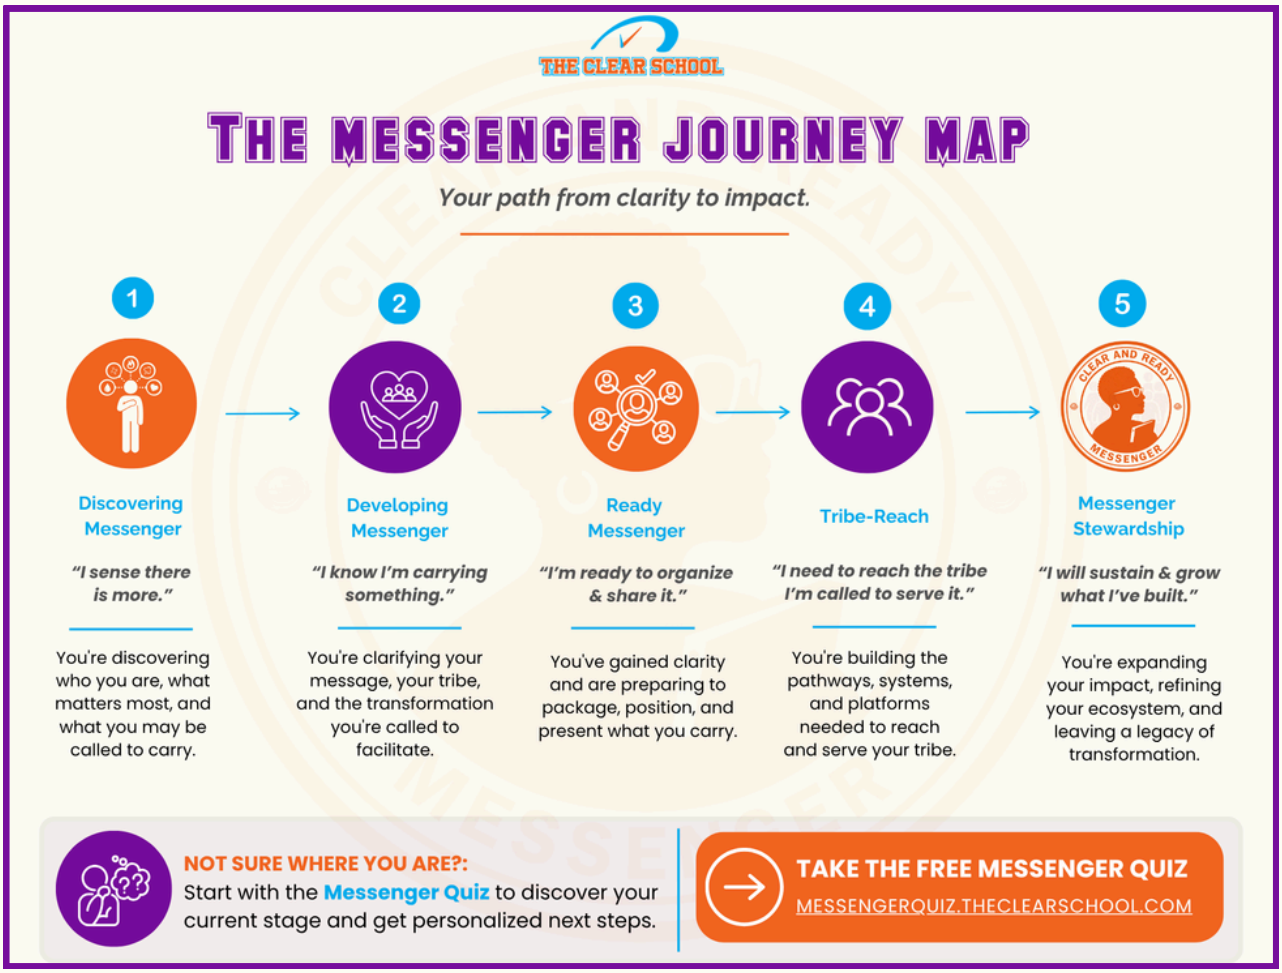

THE MESSENGER JOURNEY

Clarity becomes easier when you can see where you are and what comes next.

The Messenger Journey Map provides a simple framework for understanding the stages many Messengers experience as they **move from internal clarity to external impact.** Rather than trying to do everything at once, **it helps you identify your current stage so you can focus on the work that matters most right now.**

Whether you're *discovering who God created you to be, developing the message you've been entrusted with, preparing to share it, building pathways to reach your tribe, or faithfully stewarding what you've built,* each stage has a unique purpose and prepares you for what comes next.

As you move through the Messenger Journey, you'll discover **learning experiences designed to meet you where you are.** Rather than trying to complete everything at once, simply focus on the next faithful step.

THE MESSENGER JOURNEY

The Messenger Journey includes five stages:

DISCOVERING MESSENGER
"I sense there is more."

DEVELOPING MESSENGER
"I know I'm carrying something."

READY MESSENGER
"I'm ready to organize and share it."

TRIBE-REACH MESSENGER
"I need to reach the tribe I'm called to serve."

MESSENGER STEWARDSHIP
"I will sustain and grow what I've built."

Not sure where you are?
Start with the **Messenger Quiz** to discover your current stage and receive personalized next steps.

CERTIFICATES & COMMISSIONING

Your clarity is not just personal and preparational — it's foundational.

At TCS, submitting your **'I AM' Declaration or Messenger Declaration is more than a checkbox.** It's a milestone. It marks the moment where what's been stirring in private is now clear enough to name, hold, and carry forward with intention.

While anyone can complete the work independently, **certificates and commissioning are only available to those who are enrolled in a Clear Campus community.** That's because **clarity deepens when it's witnessed, affirmed, and supported by others walking a similar path.**

Here's what becomes available once your declaration is complete:

- ✅ **Certificate of Completion** ***(Available upon completion of the Discovering Messenger and Developing Messenger learning experiences.)***
- 🔍 **Commissioning Review** ***(Available after completing the Developing Messenger learning experience and preparing for the Ready Messenger stage).*** — a clarity consult designed to affirm your alignment and readiness to move forward, including potential invitation into **The Messenger Village**

This process is designed to affirm what's taken root, and to support your next steps in purpose, visibility, and impact.

INTRODUCING THE CLEAR CAMPUS

Your Community Starting Point

Beyond the core learning experiences, The Clear School offers intentional spaces for reflection, encouragement, and connection through The Clear Campus—our online community designed to support you throughout the Messenger Journey.

You Don't Have to Do This Alone

Clarity work is deep work. The Clear Campus exists to provide a place where you can continue learning, ask questions, celebrate progress, and receive encouragement as you faithfully steward what God has entrusted to you.
