WAYS TO ACCESS THE TRIBE-REACH ADVISORY SERVICES

Clarity first. Then build. Your Tribe Is Waiting! ***(Click the underlined offers to learn more or book your session.)***

T: TAKE Inventory

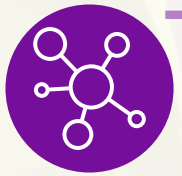

Goal: Get a clear snapshot of where you are and what may need attention next.

🧭 ***Are You Ready to Reach Your Tribe? Quiz*** – A ***free, brief assessment*** that reveals your current readiness across identity, message, tribe, offering, and ecosystem. 📘 ***Are You Ready to Reach Your Tribe? Guide*** — A foundational guide for those ready to clarify and shape one meaningful offering they want to bring to their tribe.

Outcome: A simple, immediate picture of what's clear, what's missing, and where you may need to begin.

R: RECOGNIZE What Matters

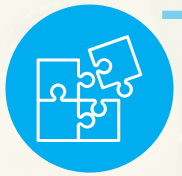

Goal: Make sense of what you're carrying, what belongs together, and what requires your attention now.

🗺️ Ecosystem Clarity Mapping — A ***focused advisory experience*** that helps you see and make sense of your work, offers, resources, ideas, and existing pathways.

Outcome: A clear map of what you're carrying, what matters now, and what your ecosystem needs next — if anything.

I: INTEGRATE the Pieces

Goal: Clarify how the active pieces of your work connect to serve your tribe as a cohesive ecosystem.

📘 Tribe-Reach Ecosystem Clarity Workbook – A guided clarity workbook that helps you reflect, clarify, and articulate the foundational pieces of your message, your people, and your initial offering.

🎓 Tribe-Reach Ecosystem Clarity Course — A guided experience for working through the R.E.A.C.H. Framework with added support and reflection.

Outcome: A more cohesive picture of your message, people, experience, pathways, and appropriate home.

B: BUILD the Blueprint

Goal: Turn your ecosystem clarity into a practical plan for what needs to be created, connected, or organized.

🧩 Ecosystem Blueprint Session – A strategic architecture session for designing the pathways, containers, systems, tools, and assets your ecosystem needs.

Outcome: A tangible Ecosystem Blueprint you can implement independently or with Tribe-Reach support.

E: ESTABLISH the Ecosystem

Goal: Bring your blueprint to life with the right infrastructure, systems, and support.

🏗️ **Ecosystem Buildout —** Hands-on implementation of your ecosystem architecture.

🔁 Consultations / Labs – Focused support for building or refining a defined piece of your ecosystem.

Outcome: A functional, connected ecosystem that helps your people know where to begin, where they belong, and how to move forward.
